

Accreditation Commission for Education in Nursing (ACEN) Nursing Student Outcome Data

Effective May 13, 2022, the Associate Degree Nursing Program at West Virginia Junior College at the Bridgeport campus located in Bridgeport, WV is a candidate for initial accreditation by Accreditation Commission for Education in Nursing (ACEN). The following student achievement data **must be published** and must be consistent with ACEN Accreditation Standard 5 Outcomes.

NCLEX Pass Rate

The National Council Licensure Examination (NCLEX-RN® exam) rate is calculated based on the number of students who take the test the first time and pass the first time.

NCLEX-RN FIRST TIME PASS RATES		EXPECTED LEVEL OF
ACHIEVEMENT: 80%		
YEAR	TAKERS	PASS RATE %
2023	18	83.3%
2022	30	100%

Completion Rates

Based on the ACEN definition, the completion rate across all program types is the percentage of students who graduate in no more than 150% of the stated nursing program length, beginning with the first day of the first nursing course. ACEN's recommended method for calculating program completion rate is to start with each entering cohort beginning the first day of the first nursing course and then follow each individual student. As an example, a program with 10 students on the first day of the first nursing course of a four-semester nursing program: six students from the cohort graduate in four semesters (100% timeframe), and one student graduates within six semesters (150% timeframe). The applicable program completion rate would be (6/10) 60% on-time graduates and/or (7/10) 70% if the 150% timeframe is used.

West Virginia Junior College evaluates its completion rate for the Nursing Program as students who graduate on time.

Cohort Start Date	# of Students in the Initial Cohort(s)	# GRADUATES	On-Time Completion Rate
06/2022	36	23	63.89%
06/2021	41	18	43.90%
06/2020	40	30	75.00%
